

COVID-19 Coronavirus

Dear Member/Guest

Whilst we take the ongoing situation very seriously please note that it is our intention to keep the club open until such time as we as advised by the authorities that doing so is no longer allowed.

As per Government guidelines we would ask that if you, or anyone close to you, show symptoms of the Coronavirus – a high temperature and/or a continuous cough to respectfully refrain from visiting the Club for 14 days. If you are affected it would be much appreciated if you could email us on **roversac@hotmail.co.uk** so that we can take all necessary precautions to reduce the spread of the virus.

Members and guests who have visited affected areas as identified by the Government are requested to follow the States of Guernsey's advice in relation to self-isolation and to refrain from visiting the club during the isolation period. Full information on coronavirus, self-isolation, affected travel areas etc. can all be found here **<https://www.gov.gg/coronavirus>**

Public health advice is as follows:

- Cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze.
- Put used tissues in the bin straight away
- Wash your hands with soap and water often – use hand sanitiser gel if soap and water are not available.
- Try to avoid close contact with people who are unwell
- Clean and disinfect frequently touched objects and surfaces
- Do not touch your eyes, nose or mouth if your hands are not clean

Obviously we are monitoring the situation closely and will update you if and when advice changes. Thank you for your continued support.

Exec committee
